

IS IT TIME FOR YOUR SCREENING COLONOSCOPY?

- The U.S. Preventative Services Task Force recommends screening for colorectal cancer **starting at Age 45**, and **earlier if there is a family history**.
- The American Cancer Society ranks colorectal cancer as the No. 2 cancer killer in the U.S. The good news: Colorectal cancer is **highly preventable** and has a **high cure rate if caught early**.
- Screening colonoscopies can **find precancerous polyps**, so they can be removed before they turn into cancer. **A screening colonoscopy could save your life!**
- **Most insurance plans will cover this preventative service at 100%.**

Our **Direct Screen Colonoscopy Program**[®] offers a simple solution to your preventative care needs by expediting scheduling and avoiding an extra office visit. We can schedule you direct through Baylor Scott & White Surgicare Plano Alliance with one of our **highly-qualified physicians**.

Name _____ Phone Number _____
